Product description

Zettex Multi Oil is a high-quality universal lubricant with a 7-stage action. Zettex Multi Oil is moisture repellent and dissolves rust and dirt.

Material

Oil

Properties

- High-quality lubrication
- Moisture repellent
- Dissolves rust
- Resin and acid free
- Effective cleaning properties
- Ready to use
- Protection spray

Applications

For the lubrication and cleaning of seized parts. For repelling moisture, for protecting electronic parts and for dissolving rust, tar and grease.

Available forms

- Aerosol 500ml
- Drum 5 litres

Colour

Transparent

Safety recommendations

See safety information sheet.

Properties	Specification
Density g/ml (20°C)	approx. 0,838 DIN 51757
Viscosity mPas (20°C)	<10 dynamisch, Brookfield
pH value (20°C)	not measurable DIN 19261
pH value 1% water-based solution (20°C)	Not measurable
Flash point (°C)	62 DIN 51755
Auto-ignition temperature (°C)	unknown DIN 51794
Explosion limits, Lower % vol	unknown DIN 51649
Upper % vol	unknown DIN 51649
Solubility in water (20°C)	20 mg/l
